DOCKET NO. 2021-6-G - ORDER NO. 2021-663

OCTOBER 12, 2021

IN RE: Application of Dominion Energy South Carolina, Incorporated to Have the Terms of the Natural Gas Rate Stabilization Act Apply to the Company's Rates and Charges for Gas Distribution Services) ORDER APPROVING) QUARTERLY MONITORING) REPORT AND ADOPTING) SETTLEMENT AGREEMENT) FOR ADJUSTMENTS TO) RATES AND CHARGES FOR) GAS DISTRIBUTION) SERVICES
---	---

This matter comes before the Public Service Commission of South Carolina (the "Commission") pursuant to S.C. Code Ann. §§ 58-5-400 *et seq.*, the Natural Gas Rate Stabilization Act ("RSA"), as related to Dominion Energy South Carolina, Incorporated. ("Dominion," "DESC" or the "Company"). Order No. 2005-619 established a baseline return on equity for the Company under the Act, based on the Company's last rate case. Section 58-5-455 sets out a procedure for the handling of monitoring reports under the Act related to the quarter ending March 31st of each year.

INTRODUCTION AND APPLICABLE LAW

In compliance with S.C. Code Ann. § 58-5-430 (2015) and § 58-5-440 (2015) of the RSA, the Company filed its quarterly monitoring report for the twelve month period ending March 31, 2021, and proposed adjustments to its rates and charges necessary to provide Dominion with the opportunity to earn the midpoint of the range of rate of return

on common equity as established in Dominion's most recent general rate case for natural gas service in Docket No. 2005-113-G.¹ The only two parties in this matter are Dominion and the South Carolina Office of Regulatory Staff ("ORS"). There were no other parties or intervenors.

Once the Company files the monitoring report as required by S.C. Code Ann. § 58-5-455 with the Commission, the ORS and interested parties may comment on the report. Where the monitoring report indicates rate adjustments are required or where it appears to the Commission or ORS that an adjustment in rates may be warranted, ORS shall conduct an audit of the monitoring report and specify any changes that it determines are necessary to correct errors in the report or to otherwise bring the report into compliance with the statute. Parties may comment on the ORS audit. On or before October 15th, the Commission shall issue an initial order setting forth any changes required in the utility's request to adjust rates under the statute. Any gas rate adjustments authorized under the terms of the statute shall take effect for all bills rendered on or after the first billing cycle of November of that year. This present Order is the "initial order" contemplated by S.C. Code Ann. Sections 58-5-455 and 58-5-465 for Dominion. S.C. Code Ann. §§ 58-5-455 & 58-5-465 (2015).

DISCUSSION

On June 15, 2021, DESC filed its Quarterly Monitoring Report for the twelve-month period ending March 31, 2021. ORS conducted a review of DESC's Monitoring Report to evaluate compliance with Section 58-5-430 and Section 58-5-440 of the Act, resulting in the RSA Audit Report filed by ORS on September 1, 2021. The ORS

¹ Order No. 2005-619 dated November 1, 2005.

proposed certain adjustments to reported amounts to bring the report into conformance with those sections. The Company, after reviewing the ORS Audit Report, filed a letter with the Commission on September 15, 2021, in which the Company – for purposes of the RSA proceeding only – advises that it is not challenging any of the adjustments made by the ORS in its Audit Report. In the same letter, DESC attached an Exhibit A which reflects the revised rate schedules for natural gas service which incorporates all the adjustments proposed by ORS.

In accordance with the guidelines of the RSA, the Company is entitled to an adjustment in rates to achieve a return on common equity as set by Commission Order No. 2005-619, currently 10.25%. Table 1 (below) shows the requested and approved changes granted for prior RSA filings and a comparison to the current filing.

Table 1:

Docket No.	Order No.	Amount Requested	Change in Revenue per ORS Report	Amount Granted	Approved Return on Equity	Rates Effective
2017-6-G	2017-623	\$9,022,098	\$8,633,538	\$8,633,538	10.25%	11/1/2017
2018-6-G	2018-678	(\$18,737,191)	(\$19,716,936)	(\$19,716,936)	10.25%	11/1/2018
2019-6-G	2019-729	\$7,106,649	\$6,273,054	\$6,273,054	10.25%	11/1/2019
2020-6-G	2020-701	\$8,630,682	\$7,186,187	\$6,326,995	9.90%	11/1/2020
2021-6-G	TBD	\$8,773,989	\$6,992,923	TBD	10.25%	11/1/2021

Uniquely, in Docket No. 2020-6-G, a Settlement Agreement was reached between the ORS and DESC which resulted in the Company adopting an approved return on equity of 9.90%. This Settlement was adopted by Commission Order No. 2020-701.

In the March 31, 2021, Monitoring Report, DESC reported an adjusted rate of

return of 7.41% and a return on common equity of 8.70% and requested an increase in revenue requirement of \$8,773,989. ORS examined the operating experience reported by DESC for the review period with the associated revenue requirement calculations. ORS made accounting and pro forma adjustments reducing net income for return by \$2,441,963 and decreasing rate base by \$2,493,277. After these adjustments, ORS's review determined the retail revenue increase in compliance with the provisions of the RSA of \$6,992,923, which is a reduction of DESC's request by \$1,781,066 or 20.30%.

Since DESC indicated in its September 15, 2021 letter that it does not object to the adjustments made by ORS, there is no disagreement between the parties regarding DESC's filing seeking adjustments pursuant to the RSA – as revised to reflect ORS's modifications.

FINDINGS AND CONCLUSIONS

1. Dominion has elected to have the terms of the Natural Gas Rate Stabilization Act, Section 58-5-400, et seq., apply to its current rates and charges for gas distribution service.

2. S.C. Code Ann. Sections 58-5-455 and 58-5-465, a portion of the Natural Gas Rate Stabilization Act, requires the filing of certain documents and the issuance of this Initial Order.

3. Changes are required to the Company's request to adjust rates.

4. ORS has proposed certain adjustments to which Dominion does not object.

Based on the accounting adjustments adopted herein, an increase in revenue of \$6,992,923 is appropriate.

5. This Commission concludes that the terms of the application by DESC are in compliance with the statutory requirements of the Natural Gas Rate Stabilization Act, S.C. Code Ann. § 58-5-400 *et seq.*, and adopts the changes and adjustments proposed by ORS and the resulting rates and charges.

6. This Commission finds the rate schedules for natural gas service submitted by the Company in its September 15, 2021 filing, attached to this Order as Order Appendix A and which incorporate the adjustments agreed to between the Company and ORS, appropriate and approves the rate schedules attached hereto.

IT IS THEREFORE ORDERED THAT:

1. The new rates and charges approved herein shall be effective for bills rendered on or after the first billing cycle in November 2021, subject to changes under the Company's Gas Cost Recovery Mechanism.

2. As required by Commission Order No. 2019-729, Dominion, in future RSA filings, shall identify and provide the capitalized employee incentives and associated taxes for work related to plant-in-service accumulated depreciation, and depreciation expense. ORS can only make recommendations based on information provided by the Company. Renewing this requirement ensures that ORS will have all pertinent information for future RSA filings.

3. If it has not already done so by the date of issuance of this Order, the Company shall file its revised tariff utilizing the Commission's e-filing system for tariffs prior to its first billing cycle in November 2021. The revised tariff should be electronically filed in a text searchable PDF format using the Commission's DMS System

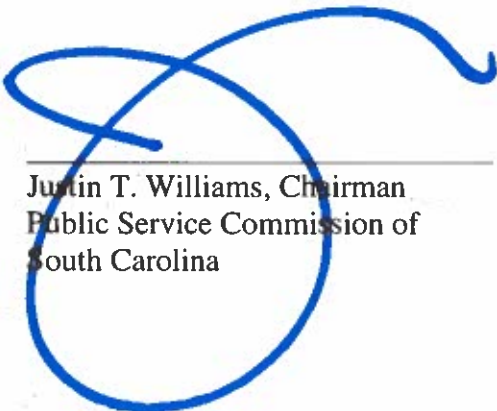

(<https://dms.psc.sc.gov/Web>). An additional copy should be sent via email to etariff@psc.sc.gov to be included in the Commission's ETariff System (<https://etariff.psc.sc.gov>). Future revisions to the tariff should be made using the ETariff System. Each tariff sheet shall contain a reference to this Order and its effective date at the bottom of each page. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

4. Dominion shall provide a reconciliation of each tariff rate change approved as a result of this Order to each tariff rate revision filed in the ETariff system. Such reconciliation shall include an explanation of any differences and be submitted separately from the Company's ETariff system filing.

5. If it has not already done so by the date of issuance of this Order, the Company shall file a schedule showing the revenue produced by each and every tariffed rate approved by the Commission and reconcile the revenue produced, by tariffed rate, to the revenue requirement approved in this Order.

6. This Order shall remain in full force and effect until further order of the Commission.

GENERAL SERVICE

AVAILABILITY

Available only to those customers having firm requirements on a peak day of less than 500 therms and using the Company's service for general commercial, industrial, agricultural, religious or charitable purposes. Only for residential where more than one dwelling unit is supplied through one meter. It is not available for resale.

RATE PER MONTH

Basic Facilities Charge:

November - April **\$23.91**

May - October **\$19.74**

Plus Commodity Charge:

All therms @ **\$ 1.14054** per therm

WEATHER NORMALIZATION ADJUSTMENT

An adjustment to the commodity charges for the billing months of November-April above will be made in accordance with the Weather Normalization Adjustment.

DEKATHERM BILLING

Customers that have installed chart metering facilities may be billed on a per Dekatherm basis (1 dekatherm = 10 therms). The amount per dekatherm will be determined by multiplying the above by 10.

MINIMUM CHARGE

The monthly minimum charge shall be the basic facilities charge as stated above.

UNMETERED GAS LIGHTING PROVISION

Gas used for lighting will be determined based on BTU ratings of fixtures installed and will be billed the commodity charges listed above.

SEASONAL BLOCK CHARGE

A charge will apply for customers who disconnect service and subsequently request reconnection of service at the same premise within a 12 month period. This is commonly referred to as seasonal block. The charge will be based on the number of months the customer is disconnected times the basic facilities charge as stated above. In determining the months of disconnection, any number of days disconnected within a month constitutes a whole month of disconnection. If reconnection is requested to be performed after normal business hours, an additional charge of \$20.00 will be added to the charges as calculated above.

ADJUSTMENT FOR RECOVERY OF GAS COSTS

The commodity charges above include gas costs of \$0.62643 per therm and are subject to adjustment by order of the Public Service Commission of South Carolina.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.

TERM OF CONTRACT

Contracts shall run continuously from time service is commenced at each location until service to customer is permanently disconnected. The peak day requirement contained in the Availability will be determined in the same manner as the determination of the category for curtailment of retail customers. A separate contract shall cover each meter at each location.

SPECIAL PROVISIONS

1. This rate schedule is available to those accounts where there is an average usage of at least 10 therms during the billing months of June, July and August. The average usage is derived by combining the therm usage for each of the billing months previously listed and dividing by three.
2. Therm usage during a billing month of other than 30 days, used to determine eligibility under this rate schedule, shall be adjusted to a 30 day billing period by application of a fraction, the numerator of which shall be 30 and the denominator of which shall be the actual number of days in the billing period.
3. The calculation as described in 1. above will be performed annually for each residential account. Accounts not meeting the standards of Rate 32V will be placed on Rate 32S beginning with the billing month of November of each year.
4. Availability of this rate schedule for new premises will be based on reasonably anticipated base load usage. Availability of this rate schedule for new accounts at existing premises will be based on the previous account's usage. If this usage is unavailable, the customer will be initially placed on Rate 32S Residential Standard Service.

WEATHER NORMALIZATION ADJUSTMENT

An adjustment to the commodity charges for the billing months of November-April above will be made in accordance with the Weather Normalization Adjustment.

MINIMUM CHARGE

The monthly minimum charge shall be the basic facilities charge as stated above.

UNMETERED GAS LIGHTING PROVISION

Gas used for lighting will be determined based on the BTU rating of fixtures installed and will be billed the commodity charges listed above.

TRANSPORTATION AND STANDBY SERVICE

(Page 2 of 2)

DELIVERED GAS QUANTITY

The volume of gas received on a daily basis for customer's account may not equal the volume, less shrinkage, delivered to the customer. The result will be deemed an imbalance. Customer's account will be reviewed at the end of each month, or on termination of Transportation Service or curtailment or discontinuance thereof. If the imbalance is such that the customer has received more gas than was delivered to the Company during the period under review, customer shall be billed for such as standby service. If the imbalance is such that the customer has received less gas than was delivered to the Company, the Company may exercise one of two options, in its sole discretion. The Company may: (1) deliver the excess gas to the customer, over the next calendar month succeeding the review, at such times as the Company shall determine in its sole discretion; or (2) buy excess gas at Company's lowest delivered purchase price in that month from any of Company's suppliers.

LIABILITY

The Company shall not be liable for curtailment of service under this rate schedule or loss of gas of the customer as a result of any steps taken to comply with any law, regulation, or order of any governmental agency with jurisdiction to regulate, allocate or control gas supplies or the rendition of service hereunder, and regardless of any defect in such law, regulation, or order.

Gas shall be and remain the property of the customer while being transported and delivered by the Company. The customer shall be responsible for maintaining all insurance it deems necessary to protect its property interest in such gas before, during, and after receipt by the Company.

The Company shall not be liable for any loss to the customer arising from or out of service under this rate schedule, including loss of gas in the possession of the Company or any other cause, except gross or willful negligence of the Company's own employees or agents. The Company reserves the right to commingle gas of the customer with other supplies.

SALES AND FRANCHISE TAX

To the above will be added any applicable sales tax, franchise fee or business license tax which may be assessed by any state or local governmental body.

PAYMENT TERMS

All bills are net and payable when rendered.

TERM OF CONTRACT

The customer shall execute an Agreement of Service with the Company which shall specify the maximum daily volume of gas to be transported, the period of time that the Company will receive such gas, and all conditions under which delivery to the Company will be accepted and delivery to the customer will be made. The customer must provide the Company with all necessary documentation of ownership and authorization required by any regulatory body with jurisdiction.

GENERAL TERMS AND CONDITIONS

The Company's General Terms and Conditions are incorporated by reference and a part of this rate schedule.

ANNUAL NOMINATION

Customers must elect to receive a) Transportation Service only, b) Transportation Service with Standby Service, or c) Standby Service only for each applicable period. Such elections must be made to the Company in writing by October 15th of each year to be effective for each month during the period November 1st to October 31st following. New customers under this tariff shall elect volumes at the time their service contract becomes effective. If no prior election has been made then the customer will receive Standby Service only. If any customer fails to make a timely election, then the prior period election will carry over for the following period. All elections shall be binding for the duration of the November 1st to October 31st period and may not be revoked, suspended or modified by the Customer.

DOMINION ENERGY SOUTH CAROLINA, INC. WEATHER NORMALIZATION ADJUSTMENT

APPLICABILITY

This Weather Normalization Adjustment (WNA) is applicable to and is a part of the Company's firm gas rate schedules 31, 32V, 32S, and 33. The commodity charges per therm for each customer account during the billing months of November through April will be increased or decreased in an amount to the nearest one-thousandth of a cent, as derived by the following formula:

$$WNA = \frac{WSL \times R}{ATH - BTH}$$

$$\text{Where: } WSL = \frac{ATH - BTH}{ADD} \times (NDD - ADD)$$

WNA = Weather Normalization Adjustment factor for a particular account expressed in dollars per therm.

WSL = Weather Sensitive Load which is the difference in the amount of therms that would have been consumed by the customer during normal weather and the amount of therms actually consumed.

R = Approved rate less cost of gas for applicable rate schedule determined as follows:

<u>Rate 32V</u> R= \$0.53032	<u>Rate 32S</u> R= \$0.59032
<u>Rate 31</u> R= \$0.51663	<u>Rate 33</u> R= \$0.46663

ATH = Actual therms consumed by customer during current billing period.

BTH = Base load therms which is the average of the therms consumed by customer during the previous billing months of June, July and August. If BTH is greater than ATH, then BTH will equal to ATH. If base load therms cannot be determined, then base load therms will be as follows:

Rate 32V = 18 therms
Rate 31 = 19 therms

Rate 32S = 4 therms
Rate 33 = 739 therms

NDD = Normal heating degree days during customer's billing period authorized by the Commission.

ADD = Actual heating degree days during customer's billing period.

The appropriate revenue related tax factor is to be included in these calculations.
